Course Description: This course will teach Students the intricacies of the industry standard Web authoring program, Adobe Dreamweaver CS3. Dreamweaver is the powerful single source tool for creation of WC3 compliant Web pages and sites.

Statement of Prerequisites: N/A

Goal: Upon completion of the course, the Student will have a firm grasp on the software in roundtrip mode which will allow them to not only build standards compliant Web pages/sites using Dreamweaver, but they will have the ability to "hand code" in basic HTML as well.

Outcomes: Upon successful completion of the course, the Student will be able to design, build, upload via ftp a standards compliant World Wide Web site using Adobe Dreamweaver CS3.

Methodology: Lecture, Lab, Demonstration, Online Research, Video, Critique, Hands-on Experience, etc.

Evaluation Criteria: Course assignments will be given during each preceding class based on the attending course outline.

1. The Student will be expected to fully participate in the "Hands-on" and Lecture class sessions.

(1/4 grade based on a 100 point grading scale)

2. Attendance, participation and depth of discussion and research will be subjectively evaluated by the Instructor.

(1/4 grade based on a 100 point grading scale)

3. Either a written Mid-Term Examination or a in-class Mid-Term Skill Assessment.

(1/4 grade based on a 100 point grading scale)
